

The Connecticut Technical Education and Career System offers Work-Based Learning (WBL) at all of our schools as a way for students to gain real-world experience, work in teams, solve problems and meet employer expectations.

It takes place during the school day and students not only receive credit toward their career technology, but also get paid. Through partnerships with local companies, students gain hands-on career development experiences that will help them through the transition from school to work.

CTECS Work-Based Learning Enrollment; 2015-2018

CTECS Work-Based Learning Enrollment; Dec. '17 vs. Dec. '18

The number of students participating in Work Based Learning has increased by **43%** since December of 2017.
