Navigation Bar Overview

After the Gradebook opens take a look at the 6 Tabs of the Navigation Bar on the **right** side of the Gradebook.

They are:

Scoresheet, Assignments, Students, Grade Setup, Class Info and Reports

(A brief description of each TAB is included below)

Scoresheet:

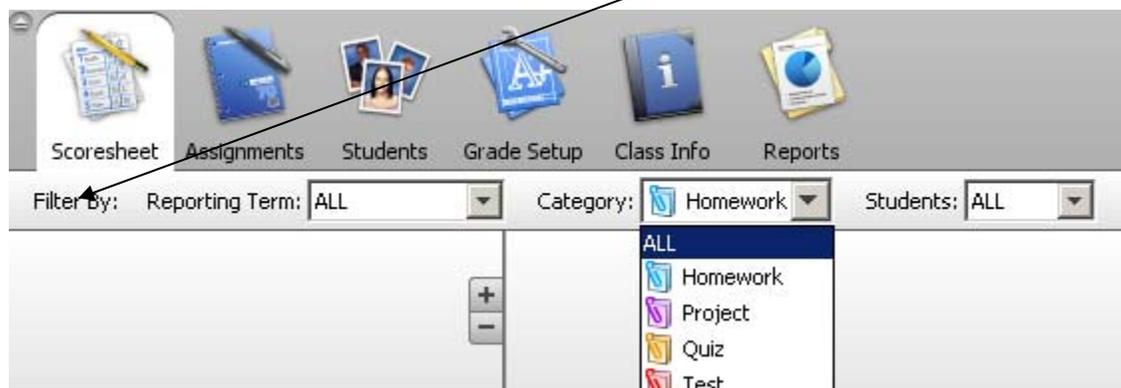

The gradebook opens to the Scoresheet.

Enter grades in the Scoresheet.

Here you view your classes.

The classes can be viewed in different ways by filtering.

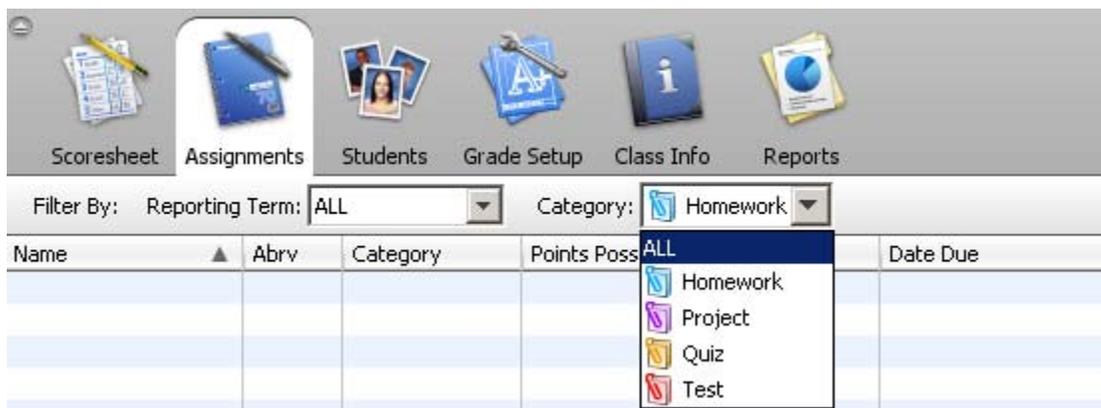

The different ways to filter are listed under the tab.

A Manual Override for the Final Grade is available through the Score Inspector. (See **Score Inspector** Update Final Grades - Manual Override)

Assignments:

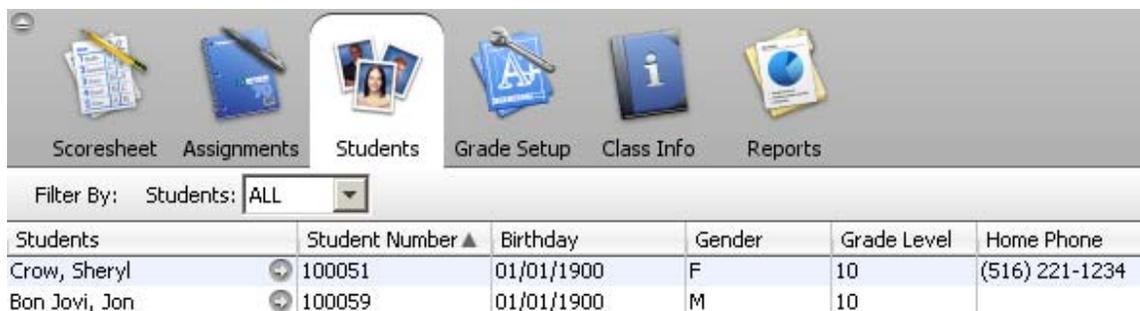

Assignments contain the criteria you use to grade your students. There are **Four Pre-Set Categories** (Homework, Project, Quiz and Test) which you can modify. (Yes you can edit the existing categories!)

Before you can use the Scoresheet, Assignment categories must be defined. (To define Categories, See section on To use your Scoresheet (Gradebook) First set up your CATEGORIES):

Students:

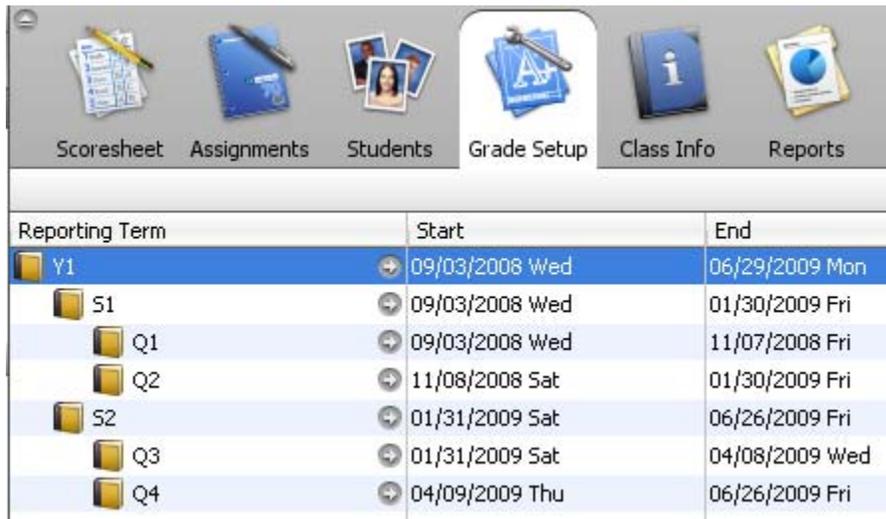

From here you can see student data: demographics, and emergency info.
