## CONNECTICUT TECHNICAL HIGH SCHOOL SYSTEM'S STUDENT WORKFORCE GRAPHICS TECHNOLOGY SHOPS ARE OPEN TO THE PUBLIC.

They offer a wide range of graphic design, printing and binding services at many of our technical high schools. These shops handle everything from wide format printing, saddle stitching and text formatting to full-on designing of posters, flyers, leaflets, letterhead and more. Each shop features state-of-the-art equipment and is run entirely by the junior and senior Graphics Technology students with assistance from the sophomore class and supervision from their instructors. The students handle taking orders from customers and the actual work itself. All services are offered in house weekdays during school hours, 7:30 a.m. – 2:00 p.m.

These shops are an integral part of our Graphics Technology training. When you choose to have your project done here, you're providing students with invaluable, real-world experience. Not to mention, you'll receive high quality service at reasonable prices that will keep you coming back to us for all of your graphic design, printing and binding needs.

**For more information** on the Connecticut Technical High School System's Student Workforce departments, including Graphics Technology, please visit [cttech.org/studentworkforce](http://cttech.org/studentworkforce).
