Dear CTECS families and students,

Grading

This week I’m providing an update regarding our grading policy for the 3rd and 4th marking period. I know this was a concern for parents and students, and we’ve developed a plan that is fair and equitable given the current situation. Our goal is to create flexibility so students can be successful in our distance learning program. The policy is also aligned with the recommendations from the Connecticut State Department of Education. Here are the highlights:

- Students will receive numerical grades for marking periods 1 and 2.
- For marking period 3, students will initially earn either a Pass or Incomplete. Students who earn an Incomplete will then have until May 8, 2020, to submit missed work to change the Incomplete to a Pass or a Fail. We are aware of the initial challenges many faced when starting distance learning, and we want to provide everyone adequate time and supports to catch up on missed assignments.
- For marking period 4, students will earn either a Pass, Fail or Incomplete.
- Seniors who want numerical grades for the purpose of class rank can request to opt-in to numerical grades for marking periods 3 and 4. Please contact your teachers and counselor if you want to opt-in.

If you have additional questions, please contact your school Principal.

Support and Resources

If you are looking for support for yourself, a family member, or a friend, know that our schools are here to help. CTECS' Student Support Services has also compiled a list of family-friendly resources from trusted sources that can help you navigate through this difficult time.
